

Moses Escapes to Midian - Exodus 2:11-22

I wonder...

- I wonder what Moses was thinking and feeling as he watched the Hebrews hard at work as Egyptian slaves?
- I wonder if Moses was sorry that he killed the Egyptian slave master?
- I wonder if Moses was sad to leave Egypt?
- I wonder if he missed the Egyptian princess who adopted him as her son?
- I wonder if Moses ever planned to return to Egypt after he married Zipporah and settled in Midian?
- I wonder why he named his baby son, Gershom, which sounds like the Hebrew phrase that means “a foreigner there?”
- I wonder what you think is the most important part of this story?
- I wonder why this story is important for us to know?
